

GAMATRONIC WARRANTY EXTENSION

Unless otherwise stated herein, any term in this Warranty Extension shall be as defined in Gamatronic Limited Warranty

Gamatronic a division of SolarEdge Technologies Ltd. (“**Gamatronic**”) allows you to extend the basic warranty periods for **Complete UPS Systems**, for up to an additional forty-eight (48) months period, starting from the end of the basic warranty periods. The warranty extension applies only for **Complete UPS Systems** purchased from Authorized Resellers in the **Africa or in Europe**.

Gamatronic manage a rapid RMA process for systems eligible for coverage under the Limited Product Warranty, and which completed yearly preventive maintenance in accordance to the following:

- (i) Preventive Maintenance services were executed by Authorized Service Provider in the end of each year (up to +/- of one calendar month); and
- (ii) Preventive Maintenance report as define in Gamatronic’s manuals was sent within 2 weeks to support@gamatronic.com; and
- (iii) The written acknowledgment for approving the Preventive Maintenance was received from Gamatronic

All shipping costs to & from Gamatronic’s nearest spare part warehouse shall be borne by the Purchaser.

The warranty extension is available with a one-time payment fee and must be purchased within the original purchase order of the **Complete UPS Systems** by the Authorized Resellers and/or no later from sale out of the **Complete UPS Systems** by the Authorized Resellers (while the initial warranty is valid and prior to installation).

It shall be clarified that, the Warranty Extension covers only parts. All costs, including, without limitation, labor, travel, logistics and boarding costs are not covered by the Warranty Extension.

Except as expressly provided herein, the provisions of the Gamatronic Limited Warranty shall remain unchanged.

Revised: February 2020
